Setting up an account is easy!

A merchant account will enable you to accept credit cards and other payment types. Complete an application and once your merchant account is approved, you'll receive equipment that's ready for immediate use. Once you begin processing, funds will be automatically deposited into your bank account. Our merchant services team is available 24/7 to walk you through account setup or any time you need help.

Here for you. Anytime.

An award-winning team of US-based Customer Care specialists is available around the clock (24/7, 365) to support all of your payment processing needs.
